MEMORANDUM FOR: Chief, PPC

SUBJECT: Operational Security

1. Attached is Field Instruction 50-1 in which the basic FI doctrine relating to the subject of operational security is set forth. This issuance is considered by senior operational personnel as perhaps the most important statement by DDP of operational doctrine that has been published. I believe that it covers the subject in which the Study Group is interested, and I request that it be given to them should they express the desire to pursue this matter further.

2. In passing this Instruction to you for the Study Group, I am following the same procedure that we followed in giving the FI Staff briefing--that is, of supplying basic written material in advance.

25X1A9a

Chief,
Foreign Intelligence

Att: 5 copies, FI 50-1

cc: COP
